

**COP15 HIGH LEVEL HEALTH DELEGATION
DETAILED PROGRAMME
(DRAFT 10/12/09)**

MONDAY 14 DECEMBER – THURSDAY 17 DECEMBER

The Health and Environment Alliance (HEAL) and Health Care Without Harm (HCWH) are pleased to welcome you to our health delegation at the Copenhagen Climate Summit.

DAILY HEALTH BRIEFINGS

We will be organizing informal health briefings each day to share intelligence and provide you with an update on the key political headlines of the day and identify opportunities to influence the negotiations. The briefings will also provide a space for our delegation members to provide expert input on using health messages and resources to contribute to a fair, ambitious and legally binding outcome in Copenhagen and feed into other COP15 activities.

As shown in the below detailed briefing, we have identified some expert input from various members of the delegation on a provisional basis, and will adapt it accordingly during the week.

Please note that the rooms and exact times for our delegation briefings are only allocated each morning by the UNFCCC conference organizers. We aim to hold them in the morning, ideally from 10-11. They will be announced each day in the Daily Programme, on the monitors and posted on the Side Events notice board.

We will also send an SMS each morning with time and venue to participants who provided their cell phone number.

MONDAY, 14.12.

Health Delegation:

10:00 – 11:00 Meeting for Health Delegates at the info point which is located in the first round room after the registration desk (see map of Bella Center for details)
